

RANGE STATEMENTS – MICRONEEDLING

The range statements for this unit are listed below. These specify the treatments you will need to provide, the skin types for which you should evidence treatment and the variety of peel formulations you should use. You will need to record the Range Statements Covered for each of the procedures you complete during your training and case study completion. For most of the treatments you will complete, you will cover several of the different range statements. Please see the Range Statements for Chemical Peeling listed below:

IN TOTAL YOU MUST COMPLETE AT LEAST 10 MICRO-NEEDLING TREATMENTS

Range Statement Relating Treatment Adaptation

You must cover all of the Range Statements listed below within your treatment provision. If you have not been able to address one of the Ranges in practice due to client or product constraints then you should refer to your course tutor who will address this by oral or written assessment.

Range Statement	MINIMUM Number of Treatments Required
Starter Treatment	2
Progressive Treatment	4
Patch test for Topical Anaesthesia	1
Use of Topical Anaesthesia	6
